Where: Maison & Objet 2018, Hall 7 Scènes d'Interieur Gallery, Stand J165

The event is one of the leading references for home decor, interior design and architecture and will run from January 19th to 23rd 2018 at the Villepinte Parc des Expositions in northern Paris.

MATIAS DI CARLO reveals his characterful creations which masterfully blend an array of metals with the use of exceptional techniques. Moving relentlessly between art and design his distinctive language uses the transforming power of fire to shape metal into sculptural furniture and create timeless masterpieces. His work comprises one-of-a-kind objects, limited editions as well as commissioned works in the fields of furniture and architectural installations.

His latest creations Primal, Borealis, Virtuosa.... all share a fascinating radiance and distinction that remind us of the integrity and power of nature. These works revisit the vivid memories of the many years Matias lived in Patagonia (southern Argentina).

Every single piece has been shaped using hot forging techniques carried out by Master Craftsmen.
